GENERAL AND REVENUE SECRETARIAT

Serial Nos. One

Part B for August 1950

SUBJECT

Recommendation
Appointment of Representatives Practitioners from each of (1) Ayurvedic (2) Unani & (3) Homeopathic Systems of Medicine on the Hon'ble Personal Staff of the President of India.

No. 7975/CB/1924 August 1950

To

Col. B. Chatterjee,
Military Secretary to the President of
the Republic of India.
Govt House, New Delhi

Furnishing the particulars about —

MILITARY SECRETARY TO THE PRESIDENT INDIA

No. 5326.

GOVERNMENT HOUSE,
NEW DELHI.

CONFIDENTIAL

11th July, 1950.

Sir,

I am desired to bring to your notice that Dr Rajendra Prasad, President of India, intends to appoint one representative/from each of (i) Ayurvedic, (ii) Unani, and (iii) Homeopathic systems of medicine on his Honorary Personal Staff with a view to offer token appreciation of the services rendered by such individuals in their respective fields. Such appointments will, of course, be strictly on consideration of their professional qualifications, preferably with training on scientific lines, and also original contributions they have rendered to the cause of the science. The reputation such practitioners popularly enjoy will also be taken into account.

practitioner

2. These appointments will be on the same basis as the Honorary Surgeons and Physicians to the President and are of the nature of a personal distinction and honour conferred by the President. Like other Honorary Personal Staff, they will also not ordinarily be called upon to perform any special duties, but whenever they happen to be in the same station which is visited by the President, they will be accorded certain privileges of attendance on the President. It may, however, be specifically noted that such appointments made on personal appreciation will not in any manner be binding on the Government, Central or State, for any particular consideration, nor will it mean simultaneous recognition of these systems by the Government, Central or State.

3. I am directed to request you to kindly arrange to forward two names from each of these systems in consultation with the appropriate Department of your Government. It is needless to say that, if necessary, any local representative organisation/s of these systems, in existence, may also be consulted with a view to collect the names of most deserving practitioners. The intention is that, when the names are received from the various State Governments, the final selection of one representative practitioner from each system will be made in consultation with the Govt. of India.

4. I shall be grateful if arrangements are made to send the names of such practitioners before the 15th of August, 1950. A proforma for filling in the details of the candidates is given overleaf.

Yours faithfully,

(B. Chatterjee) Colonel,
MILITARY SECRETARY TO THE PRESIDENT.

ADDITIONAL SECRETARY
No.
11 AUG 1950
GOVERNMENT OF MYSORE

DATED 9th August 1950

From

DR. C. DJARAKANATH, L.I.M., Z.T.,
~~M.RAMACHANDRAN, Esq., M.Sc., B.L.~~
PRINCIPAL, GOVT. AYURVEDIC & UNANI COLLEGE & HOSPITALS,
MYSORE.

Dear Sir,

This is with reference to your D.O. No. I.M. 356-2 dated 31-7-1950 and in continuation of my D.O.No. 244/50-1 dated 2-8-1950. I am enclosing herewith four statements furnishing information in respect of practitioners in Ayurvedic and Unani Systems of Medicine who are "in service and also who have been retired from service and also those who are private practitioners." I very much regret that the panels of names could not be sent to you before to-day as the information asked for had to be collected from different files and sources and the same prepared in the form of statements. In view of the - meagre staff available here - particularly the Typist - and increased volume of work in the College in connection with the organisation of classes for all the four years, this regretable delay could not be avoided.

The preparation of panel of names "for according special recognition to some of the distinguished practitioners" was based on the material available to me in the office and my own personal files connected with the Chopra Committee's work. No claim is, however, made for its comprehensiveness. However, care was taken to see that as much of information as can possibly be gathered is furnished to help you in according special recognition to the deserving practitioners.

The statement No. 4 represents the panel of names who can be entrusted with teaching work. Care has been taken to see that only persons who possess not only knowledge and experience but also have such additional qualifications as would entitle them to be entrusted with the responsibility of teaching and co-relating what is taught to practice. These names have already been included in the panel of names proposed for appointment of Lecturers and Assistant Lecturers for this College. I may add in fine, that the names suggested in this pannel represent the best available teaching personnel in the State.

P.T.O.

An exhaustive list of names of practitioners for the purpose of according recognition and registration was compiled in the Sri. Jayachamarajendra Institute of Indian Medicine, Bangalore, some three years ago. This list comprises of over 1,000 names of Vaidyas and Hakims of the State. The related file should still be in the Institute and I fully believe that it would furnish additional information on the subject.

Yours sincerely,

C.Dwarakanath

(C.Dwarakanath)

CONFIDENTIAL

My dear Colonel,

In continuation of my D.O. letter dated 17th July 1950, I am desired to forward herewith the names of two practitioners each from the Ayurvedic and Unani Systems of Medicine whom the Government of Mysore would recommend for consideration. The details of the candidates are given on the pro forma forwarded herewith. Further details regarding the age and home address of the persons will follow.

I am to add that there are no Homeopathic Physicians of distinction in the State.
